Commerce helps strengthen communities and regional economies through equity and environmental justice

Reduce homelessness and expand housing inventory.

Create digital equity and connectivity through broadband.

Accelerate clean energy transformation through infrastructure, investments, and policy.

Support entrepreneurship, small businesses and regional economic growth

Promote development of the innovation economy and globally traded sectors

Partner with diverse and marginalized communities across the state to identify and more deeply understand their barriers to accessing resources

Increase investment in underserved, historically disadvantaged, and vulnerable communities across the state.

Develop Commerce's workforce to be culturally responsive in service to our customers and each other

Understand the needs and challenges affecting their access to resources through deep community engagement and outreach

Consult with community partners on our data and data-informed decisions

Dismantle barriers to access and provide support so that communities across the state are positioned to access resources

Build systems that enable data-informed decision-making to improve equity

Establish internal (real time) information sharing that enables collaboration across the agency

Provide (proactive) technical assistance and help build capacity in organizations with trusted messengers

Commerce Strategic Plan
