

Goal 4: Healthy and Safe Communities 4.2 Behavioral Health

Project Title: Peer Powered Transition and Reentry Support

This project will update the behavioral health system, advance racial equity, and expand career pathways by elevating the voices of people with lived expertise and amplifying the Certified Peer Counselor (CPC) role in the Juvenile Justice system. The project will leverage the Operationalizing Peer Bridger Toolkit currently being developed, adapted, and tested in the adult behavioral health system by the Health Care Authority (HCA). This “toolkit” provides training and resources to equip agencies and providers to effectively incorporate or partner with CPCs.
