Notes  
Building Creativity into YOUR  
Lean Practice - Bella Englebach  
October 28, 2020

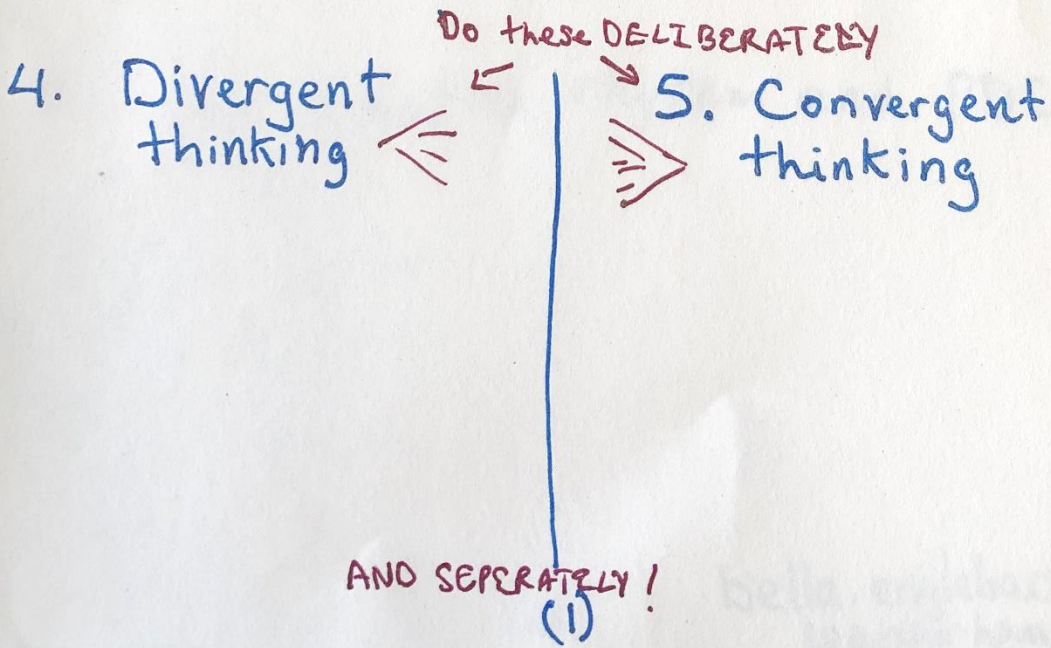

Deep thinking is  
Lean Thinking +  
Creative Thinking

1. Why creativity is important to me.

2. Why creativity is important in lean practice.

Creative thinking is:

3. Balance of two types of thinking

6. Two tools for enhancing divergent thinking:

There are more!  
1.  
2.

7. Two tools for enhancing convergent thinking:

There are more of these too!  
1.  
2.

8. Practice with POINT:  
reflections on my experience!

9. The creative rhythm and PDCA
