How can we reach the target?

- Keep strong habitat programs and funding:
 - Estuary and Salmon Restoration Program
 - Puget Sound Acquisition and Restoration
 - State Salmon (SRFB) Funding
 - Floodplains by Design
- PSNERP Authorization and Funding
- State Habitat/Water Quality Funds Program Coordination
- State/Federal Coordinated Investment
- Innovate solutions for policy/program strategies. For example: multi-benefit project enhancements, acquisition tools (valuation, timeliness), and landowner incentive tools for estuary restoration
